

MONTERO SPORT

**MITSUBISHI
MOTORS**

Drive your Ambition

Elevate Your Journey

From a bold new look, to the advanced suspension engineered for better comfort and increased off-road toughness, to the outstanding 4WD performance and high obstacle clearances, the New Montero Sport is designed to climb up, over, around and through the toughest terrain.

2.4L MIVEC CLEAN DIESEL ENGINE (4N15)

2.4L In-line 4 DOHC 16-Valve Direct Injection Clean Diesel Engine with Variable Geometry Turbo [VGT] and Mitsubishi Innovative Valve timing Electronic Control [MIVEC] (4N15) Clean power. Optimum performance. Remarkable fuel economy.
 - Maximum Power: 181 Ps @3,500 rpm
 - Maximum Torque: 430 Nm @2,500 rpm

8-SPEED AUTOMATIC TRANSMISSION

The first in its class 8-speed automatic transmission with Sports Mode is designed to maximize fuel efficiency and engine power. Sports Mode lets driving enthusiasts use the magnesium alloy paddle shifters as a manual override.

A BOLD NEW DESIGN

The bold, refined, high-quality design, emphasized by sophisticated lines, delivers a commanding look from every angle.

NEW LED REAR COMBINATION LAMPS

The LED rear combination lamps further accentuate the New Montero Sport's width while increasing visibility for enhanced safety. (GT)

NEW ADVANCED DYNAMIC SHIELD CONCEPT FASCIA

The innovative and powerful evolution of the Dynamic Shield creates the confident face and road presence of the New Montero Sport.

LARGE COMBINATION TURN SIGNAL AND FOG LAMPS

The fog lamps integrated with the large turn signal lamps offer a bolder look on the New Montero Sport.

NEW 18" ALLOY WHEELS

The newly designed alloy wheels evoke the strength to handle tough surface conditions. Roll in style with these striking two-tone alloy wheels for the GT variant and sleek alloy wheels for the GLS and GLX variants.

ELECTRONIC DIAL SUPER SELECT 4WD-II WITH OFF-ROAD MODE TRACTION CONTROL (GT 4WD)

The New Montero Sport delivers superior off-road performance thanks to the Super Select 4WD-II with Off-Road Mode Traction Control. The system offers the advantage of four (4) drive settings and four (4) different terrain controls. A center differential lock controls torque distribution to the front and rear tires for superior handling while the shift-on-the-fly system lets drivers react immediately to any condition without stopping (except when shifting to 4LLC).

For normal road conditions

For rough roads and hazardous conditions

For rugged terrain with low-grip surfaces

For rocks, mud, sand, deep snow, etc.

NEW 8" COLOR LCD INSTRUMENT METER CLUSTER

A first for Mitsubishi, the large 8" full LCD meter cluster enhances the advanced look and feel of the cockpit. The different display types provide a smooth, intuitive grasp of advanced driver assistance systems and other car functions at a glance. (GT)

MITSUBISHI REMOTE CONTROL

Introducing the New Mitsubishi Motors Smartphone App. Control select vehicle functions via your smartphone. (GT)

Tailgate Open/Close/Lock Automatically

Vehicle Reminder
When leaving the vehicle, the app notifies you if you have forgotten to lock the doors or switch off the headlights.

Car Finder
Locate your vehicle in a large parking lot, by turning on the headlights using your smartphone.

Vehicle Information
Displays information on your driving status such as fuel consumption and green driving score.

Troubleshooting
The app provides you with troubleshooting solutions when the vehicle doesn't respond to the remote control operation.

ROOMY AND HIGH-QUALITY INTERIOR

A luxurious and advanced design that provides intelligent operation and comfortable space for passengers.

androidauto 

NEW SMARTPHONE-LINK DISPLAY MULTIMEDIA ENTERTAINMENT SYSTEM

Infotainment made more user-friendly with Apple CarPlay and Android Auto compatibility and an 8" display screen for better visibility. Smart Display Audio [SDA] can also be linked to the LCD instrument cluster for the driver's convenience. (GT / GLS)

NEW POWER TAILGATE

The Power Tailgate with Keyless Operation System [KOS] allows you to access the rear cargo with ease (GT).

Operations include the following:

1. Close and lock function

The tailgate can be closed and locked automatically with the lock switch.

2. Hands-free access

Movement sensors are positioned at the corners of the rear bumper. This allows you to open and close the tailgate automatically by placing your foot in front of the sensors in an up-down motion.

3. Height memory function

The tailgate opening height can be set based on your preference. When you have the tailgate set to your desired height, press and hold that button to stop at your desired position.

MITSUBISHI ACTIVE STABILITY AND TRACTION CONTROL [M-ASTC]

Maintains vehicle stability and optimizes traction to prevent wheels from skidding during adverse conditions and emergency maneuvers by applying brake force to one or more wheels and adjusting the engine output. (GT / GLS)

HILL DESCENT CONTROL [HDC]

When going downhill, the HDC controls and maintains the vehicle's speed automatically to allow the driver to focus on negotiating the steep or slippery descent more safely. (GT 4WD)

Check surroundings for safety.

PHONE

MEDIA

NAV

HOME

MULTI AROUND MONITOR

The views from cameras mounted on the front, rear and sides of the vehicle (including a bird's-eye view) can be displayed in various combinations to reveal what are in the blind spots and help you park more safely. (GT / GLS)

MORE ADVANCED SAFETY FEATURES

BLIND SPOT WARNING [BSW] with LANE CHANGE ASSIST [LCA]

BSW together with the LCA helps the driver avoid sideswiping another vehicle when changing lanes by detecting vehicles at its rear quarters and alerting the driver with an audible alert and a flashing light in the side view mirror. (GT 4WD)

REAR CROSS TRAFFIC ALERT [RCTA]

The driver is alerted when the rear radar sensors detect approaching vehicles nearby while the reverse gear is engaged. A warning message appears in the multi-information display, a buzzer sounds, and an indicator blinks in both side view mirrors. (GT 4WD)

ULTRASONIC MISACCELERATION MITIGATION SYSTEM [UMS]

Reduces accidents resulting from abruptly pressing the accelerator from standstill position by detecting obstacles in front or behind the New Montero Sport. (GT 4WD)

FORWARD COLLISION MITIGATION SYSTEM [FCM]

When there is a risk of collision, the FCM system alerts the driver with a visual and audible warning. If the driver does not respond, the system automatically applies moderate to emergency braking. (GT 4WD)
